Superintendent's Highlights

The District continues on in the systemic reform process. The school year 1999-00 was one of change and improvement. The curriculum team has linked with a software database from EdVision.com. With the assistance of that tool it is hoped that the entire curriculum will soon be designed with the state exiting standards and that vertical and horizontal alignment will have occurred.

The new facilities are completed and graduation will be held in the new gymnasium. It is nice to have the trailer houses moved so that landscaping can begin. It is important to note that the district now has all new or remodeled facilities that will hopefully meet or exceed building codes! Student and staff morale appears to be improving as a result.

During the summer of 2000 work will continue on curriculum and other instructional improvement strategies.

Progress Towards Meeting District Goals

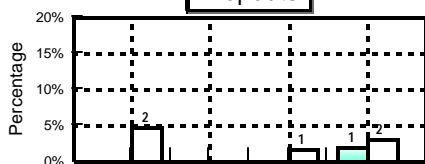

1999-00 Goals	Progress
Facilities	Facilities are completed and students and staff are moved in!
Increase Patron Support	The local PTSA has been a tremendous support group. Their unselfish efforts on behalf of this district will be forever remembered.
The school Improvement Team	The school Improvement Team is making significant progress. The SIP process is continuing under the direction of the team. Visits to model sites have occurred during this school year by all staff members.
Assessment literacy and curriculum development	Assessment literacy and curriculum development will be the target goals for 2000-01. Primary areas of focus will be the basic subject of math, reading and language.
